My One Regret: "My abortion is definitely the one thing I regret. There will always be remorse and sadness. The feeling of the loss of a child will always be there. I wish I could have known then what abortion was all about and its devastating effects on the woman. So many women feel that if they had more support and truth during their crisis pregnancy many lives would have been saved." - - from the testimonies of those who have had abortions - see www.AbortionTestimonies.com
